## FROSTEK-240

### FROSTEK PROPANE CHEST FREEZER

- Huge capacity - The largest gas freezer available – 240 liters of reliable long-term food storage.

Supreme convenience  
- Exclusive exterior thermometer tells you the precise interior conditions without opening the door. Smooth, rustproof steel cabinet with tough, gray leather grain finish. Fiercely resists scratches and dents! Non-electric, thermostatic control ensures even temperatures and non-electric push-button ignition gives match-less starting. Free storage basket.

High quality craftsmanship - No moving parts in cooling unit, so no mechanical wear-and-tear. Almost five years of careful research went into its design and production. AGA approved. LP gas only.

### Specifications

- Gross capacity: 240 litres
- Power Source: LPG- Propane
- Nominal Gas Consumption: 0.6kg kg/24 hours
- Colour: Grey
- Height: 99 cm
- Length: 112 cm
- Depth: 79 cm
- Weight: 100kg

## Consul 231

This is a free standing L.P. Gas operated Refrigerator/freezer ideally suited to domestic and leisure application. With a total capacity of 231 liters and featuring the convenience of separate doors for refrigerator and freezer, generous door shelved designed to hold those large drink and milk containers, interior light, reversible doors, ease of installation and low operating cost, the CONSUL refrigerator is the perfect companion for your refrigeration needs.
